

NATIONAL HEDGELAYING SOCIETY

Chainsaw Training Course Award

Application

The National Hedgelaying Society recognises that chainsaws are in many cases an essential hedgelaying tool. It also recognises that it is a tool which is dangerous in untrained hands. We therefore encourage all chainsaw users to undergo training in the safe use of chainsaws.

This form is a notification of your intent to complete and gain your first chainsaw maintenance and cross cutting certificate, either 003920 City & Guilds Level 2 Certificate of Competence in Chainsaw Maintenance and Cross-cutting or Lantra Level 2 Award in Chainsaw Maintenance and Cross-cutting. You may wish to combine the course with the next level, i.e. felling small trees, and this will not be prejudicial to your claim.
